Coordinators Comments  
November 2021

Hoo-Doo Hippies ABATE of N. Idaho Coordinators Comments November 2021 We're coming into the traditional season for giving, I'm proud of the way this entire organization steps up and gives back to the communities we live in, not just at this time of year, but all year around. We typically are a little more giving as we come into the Christmas season, and this year is no different. I've received an excellent suggestion for a donation, and I will bring that before the members at our December meeting.

Also at the December meeting is Officer nominations; I have decided to step down as Coordinator, and Hutch has committed to throw his hat into the ring for the Coordinator position. I'm a firm believer that there needs to be fresh blood in any organization every so often. Prevents stagnation! Hutch will do a great job- he's got the background, he's got the energy, and he's got great ideas. He deserves your support! Sharon has been the Membership Secretary for several years, and does double duty as the Treasurer as well. She could use a break from Membership duties, so if someone would like to step up into that position, I have a feeling she would be very grateful! Kellie is filling the Secretary position very well, and she will continue in that position. Jack will continue as Deputy Coordinator, he loves what he does, and he's good at it. So that's it....please consider volunteering for a position!

Of course, our December meeting is when we give back a little to ourselves by having a Christmas party! The ugly hat contest has turned out to be very fun, usually at Jack's expense, which of course is the best part. Going to be interesting this year to see if last years winning hat can be topped! Pretty high mark, but we'll try! Gift exchange, wrapped and marked girl or boy, or both, or whatever other identifications there are these days....and of course, there will be food! There's usually a good turn-out, so don't miss it!

So that's it for this month....and remember, in a couple months, look for me....I'll be the heckler in the back of the room.....!! Meanwhile, I've recently become a fan of NASCAR racing, so I have to say "Let's go, Brandon"! C'Ya!!
